# CodySoft July 2nd 2020 release notes:

Plan Benefit Package Module:

1. All cells in the exported Excel file now default to "Text" cell format to remain compatible with CodySoft Collateral Management import
2. Ability to Delete Rule Extensions
   a. If the extension is in use, an error message displays, showing where the extension is in use:

Unable To Delete Pipeline Create comma delimited list

This pipeline is in use by the following fields and cannot be deleted.
- **Chiro_ref (in header SECTION B: #7B CHIROPRACTIC SERVICES - BASE 2)**
- **CARDIAC_IN (in header SECTION B: #3 CARDIAC AND PULMONARY REHABILITATION SERVICES - BASE 1)**

Cancel

   b. If the extension is not used in any transformations, a confirmation message displays:

Delete Pipeline StephenTest2

Are you sure you wish to delete the Pipeline named StephenTest2?

Cancel   Confirm Delete
